Opening Message- November 2021

Dear parents,

His Highness Sheikh Mohamed bin Zayed Al Nahyan, Crown Prince of Abu Dhabi and Deputy Supreme Commander of the Armed Forces, says: "The year of preparation for the fifty years...will constitute, Allah willing, a qualitative turning point in our blessed journey...we will write new chapters in our accelerated economic, social and developmental drives to be the best globally over the next fifty years.

Al Dar Education Schools celebrated the National Day and the anniversary of the foundation of the Union in 1971, in recognition and appreciation of the track record of achievements and developmental surges that were possible thanks to the founding fathers who instilled the noble values of unity, dedication and giving among the people of this nation who continued to follow in the footsteps of our founding fathers. While the country had spent 50 years of the spirit of unity full of achievements that we cherish and are proud of, the UAE is still completing its parade in shaping a global future, with its well-studied and gracious initiatives and strategic plans in various vital sectors to promote the country's progress in a sustainable manner, believing in its ability to achieve its dreams that embrace the sky, investing in the youth of the country and equipping them with all the knowledge, sciences and the ABCs of life.
