SHAPING OUR FUTURE

WELCOME TO ALDAR ACADEMIES

From the opening of the first school, The Pearl Academy in 2007, Aldar Academies has fast grown into a leading provider of private education across a network of seven Academies and one Nursery.

Aldar Academies continues to work towards its promise of 'delivering the highest standards of education and inspiring a love of learning', with plans to grow its current schools and build new ones which will expand its student capacity to over 14,000 in the coming years.

To date, Aldar Academies have invested more than Dh450 million in Abu Dhabi's education sector as part of its commitment to the UAE's 2030 vision. We see this as a long-term investment and will continue to invest in this sector as we expand.

We invite you take a virtual tour of our academies or sign up today to meet our Senior Leadership Teams and see what makes each of our academies so unique.

CURRICULA

Aldar Academies offer a range of curricula to suit all families across Al Ain and Abu Dhabi.

THE ENGLISH NATIONAL CURRICULUM

The English National Curriculum is among the most in-demand study options in the world, respected for its high academic standards and focuses on developing confidence and individual thinking. The learning pathway is delivered through enquiry or 'project -based learning, a method of teaching which inspires a love of learning and deepens a student's knowledge by challenging them to complete real-world tasks. In this way, the English National Curriculum is considered to be one of the most engaging of all.

Students work towards the IGCSE qualifications before progressing to A Levels or the International Baccalaureate Diploma Programme (IB DP) - two of the most rigorous, reliable and highly regarded examinations available. The subjects taught include vocational options, which offer students a clear pathway to further education or their chosen career.

A Levels and the IB DP, like IGCSE qualifications, are recognised by worldwide leading universities, helping students gain access to their preferred university.

ACADEMIES THAT OFFER THE ENGLISH NATIONAL CURRICULUM:

- Al Yasmina Academy
- Al Forsan Nursery
- Al Mamoura Academy
- The Pearl Academy
- Al Ain Academy
- Al Muna Academy
- Al Bateen Academy

THE INTERNATIONAL BACCALAUREATE

Primary Years Programme (PYP) FS2 - Year 6

A unique transdisciplinary, inquiry-based approach to learning. The PYP nurtures and develops young students as caring, active participants in a lifelong journey of learning. Guided by six transdisciplinary themes of global significance, students deepen their learning by developing their conceptual understandings; strengthening their knowledge and skills across and beyond subject areas.

Through the inquiry-led, transdisciplinary framework, the PYP challenges students to think for themselves and take responsibility for their learning as they explore local and global issues and opportunities in real-life contexts.

There are six subject areas identified within the PYP:

- Arts
- Mathematics
- Science
- Language [English]
- Personal, Social & Physical Education
- Social Studies

The PYP prepares students to become active, caring, lifelong learners who demonstrate respect for themselves and others and have the capacity to participate in the world around them. It focuses on the development of the whole child.

* Al Bateen Academy is a Candidate School for the PYP. We are pursuing authorization as an IB World School. These are schools that share a common philosophy - a commitment to high quality, challenging, international education that Al Bateen Academy believes is important for our students. Only schools authorized by the IB Organization can offer any of its four academic programmes: the Primary Years Programme (PYP), the Middle Years Programme (MYP), the Diploma Programme (DP), or the Career-related Programme (CP). Candidate status gives no guarantee that authorization will be granted. For further information about the IB and its programmes, visit www.ibo.org

THE INTERNATIONAL BACCALAUREATE

Senior School (Years 12 & 13) IB Diploma Programme (IB DP)

The programme aims to develop students who have excellent breadth and depth of knowledge - students who flourish physically, intellectually, emotionally and ethically.

Al Bateen Academy, year on year, has students achieving IB DP points well above global averages. Al Bateen students go on to attend leading universities around the world.

Students follow the IB DP. The programme involves the study of 6 subjects (3 at Higher Level, 3 at Standard Level). Studies in language and literature, language acquisition, individuals and societies, sciences, mathematics and the arts. Students must also complete: the Theory of Knowledge course, a 2,000-word extended essay and at least 150 hours of 'CAS' (creativity, action and service). This prestigious course is recognised by universities and higher education institutions across the world and provides an excellent pre-university programme.

AMERICAN MASSACHUSETTS STATE CURRICULUM

The American Massachusetts State Curriculum is the most highly regarded of all study programs in the United States. With close ties to prestigious universities such as Harvard and MIT, it stands above other curricula for its rigorous, comprehensive and forward-thinking design. It's also considered to be more demanding - and therefore rewarding - than the American Common Core Curriculum.

The Massachusetts approach is well-organized with clear expectations at each grade level. Assessments are efficiently organized to inform teachers and parents of the progress being made by students across all subjects.

Student-centric, the American Massachusetts State Curriculum focuses on interactive inquiry-based learning, physical education, and extra-curricular activities. This develops well-rounded students, teaches the mastery of specific skills, and builds confidence from an early age. Students work towards the American High School Diploma, which is the standard qualification to gain entry into leading US universities and colleges. The diploma is also increasingly being recognized by other leading higher education institutes across the world.

ACADEMIES THAT OFFER THE MASSACHUSETTS STATE CURRICULUM:

DISTANCE LEARNING

All of our Academies have been awarded the highest possible ADEK rating of “Developed” for our distance learning provision.

At Aldar Academies, we pride ourselves on our innovative approach to learning that harnesses technology to support student’s engagement and learning. Prior to the mandated distance learning period, our teachers already utilised online platforms to enrich the delivery of the curriculum.

Via interactive sessions and real-time feedback, our teachers continue to support students and offer the same level of engagement and high standard of education remotely as we do in the classroom. Our provision of distance learning led to all 7 of our academies receiving the highest possible award from ADEK of Developed across all areas in June 2020.

As of September 2020, our academies now offer parents and students the option of continuing distance learning full time or blended learning that allows for both in school and home learning lessons.

At Aldar Academies, we endeavor to provide an inclusive, holistic education for all students regardless of background or ability and we are pleased with the work we have done in providing learning resources and support to other schools outside of our network to ensure continuation of learning across the UAE.

AL BATEEN ACADEMY

WELCOME FROM THE PRINCIPAL, NEAL DILK

Welcome to Al Bateen Academy (ABA) and our thriving school community!

At ABA, we pride ourselves on offering a strong, varied educational program that challenges students to excel in their learning as they grow and develop as creative, committed people of character. Our extensive program offers opportunities for students to engage in a wide variety of opportunities that help to nourish individual potential and inspire each of us to do our best.

The curriculum is based on an adapted English National Curriculum and progresses through the International Baccalaureate Primary Years Program (PYP) in Primary School, through I/GCSE in Middle School, and culminates with the International Baccalaureate Diploma Program in Senior School.

In addition to the regular academic programme, ABA also provides opportunities for students to participate in a number of clubs and extracurricular activities to extend and enrich a wide variety of student interests in fun ways. Opportunities exist for students to join a number of sports teams, participate in music or drama, engage in cultural activities, as well as participate in a number of other great clubs and activities that allow students to learn new skills or develop existing ones.

Thank you for considering Al Bateen Academy. The best way to get to know us is to visit us. We invite you to come to our campus or join one of our online tours and explore all that we have to offer.

We look forward to seeing you at ABA soon!

AL MUNA ACADEMY

WELCOME FROM THE PRINCIPAL, SARAH GRIFFITHS

Welcome to Al Muna Academy!

Everything that we do here at Al Muna Academy, is based on the solid foundations of our values: Excellence, Creativity, Passion, Respect and Collaboration. The unique combination of these values ensures that our children receive the very best grounding for their future lives and ambitions.

Al Muna Academy is a vibrant, busy school where children are highly valued, well cared for and encouraged to reach their potential. The children are at the heart of every decision we make to ensure that they are happy, confident and that the opportunities that are provided for them are relevant to their needs both now and in the future. We have a wonderful school site that provides many different opportunities for curriculum development.

We are passionate about ensuring that our pupils receive a well-rounded curriculum and develop a love of learning. Our skills-based approach ensures that our children can reach high standards and are well prepared for the next stage in their education. We offer a substantial extra-curricular programme for our pupils, providing them with opportunities to develop skills that they didn't know they had!

Our school offers a friendly welcome to all, and we hope to see you soon.

AL YASMINA ACADEMY

WELCOME FROM THE PRINCIPAL, JARED NOLAN

A very warm welcome to our truly remarkable school where students are placed firmly at the centre. We are an exciting, diverse and progressive learning community that annually produces some of the very best iGCSE and A Level results in the UAE.

Our globally recognised and admired curriculum, dedicated and passionate practitioners and outstanding teaching and learning sets us apart from other schools and makes Al Yasmina Academy a very special place to be. We are extremely proud of our ADEK inspection, which rated Al Yasmina as 'Outstanding' in all six performance standards.

With grades significantly above UK and global averages, many of our graduating students are offered places at world leading universities. However, attainment is only part of the story. In preparing our students with the contemporary skills, attributes and morals needed for their fast-changing, globally connected and uncertain futures, students, from an early age, are guided to take ownership of their own learning, to be curious and to actively participate in real-world learning. From the time our children step into our Early Years, we foster their independence and leadership; we encourage them to be enthusiastic and ambitious about their learning, to become life-long learners and to play an active part in society as ethically informed citizens of Abu Dhabi, the UAE and the world.

The best way to understand our school is to see it in action. We are a very proud community and always ready to welcome prospective students and their families.

THE PEARL ACADEMY

WELCOME FROM THE PRINCIPAL, BARBARA HEATON

A very warm welcome to The Pearl Academy. Our vibrant school is proud of its family feel where our children are at the very heart of everything we do. It is somewhere where everyone has a place and belongs, somewhere where we work together, in partnership, to 'nurture adaptable, creative future leaders in our high performing learning community'.

As an inclusive school, our curriculum and wide-ranging extra-curricular activities are firmly grounded in our school Values of Empathy, Agility and Hard Work. We highly value collaboration and social responsibility; creativity and risk-taking; practice and resilience.

With The Pearl Academy being accredited and awarded the status of a High-Performance Learning School, we develop learning through creative learning opportunities actively teaching children through the identified cognitive domains and values needed for lifelong success. We have a growth mindset at The Pearl Academy; we believe that we can develop through dedication and hard work - brains and talent are just the starting point!

The Pearl Academy's excellent reputation within the community has been confirmed in our latest ADEK Inspection where all six Performance Standards were awarded 'Outstanding'. We continue to build on our successes and strive for further improvements in all areas, ever developing our school community.
